

Simple, Efficient Drug & Health Screening

Let us help you achieve a safer, more productive workplace

Streamline Your Drug & Health Screening Program

Safety and productivity are central to your workplace culture. Sterling's drug & health screening solutions can help you simplify and optimize your screening experience using:

- A robust portfolio of drug and clinical services
- Simplified electronic drug and health registration
- Faster result delivery on a single screening report
- Centralized management of your end-to-end screening program in our Client Hub
- Regulated and non-regulated compliance support

Drug and Health Expertise Aligned for Your Business

- **17,000+** Sterling-managed clinics nationwide¹
- **2M+** Drug and health tests performed annually for thousands of companies¹
- **1,300+** Drug and health services to meet your needs¹

Expansive Clinic Network Organized to Deliver on Your Needs

Streamline your drug and clinical program with best-in-class drug and health service support. With direct access to clinical assistance via the Sterling Clinic Network of over 17k clinics, we can facilitate a faster, more flexible drug & health screening experience for you and your candidates.

Expert Support to Help Improve Program Success

Sterling helps you manage your Drug and Health program through a combination of:

In-House Medical Review Officer for superior support and quality control

Expert compliance consultation for policy and best practice (e.g., DOT and Healthcare)

Random Administrators to help manage your random program and reporting needs

Concierge services available to facilitate testing and results (DOT and Healthcare)

“ Sterling's partnership is now the gold standard that we hold all vendors to. We love working with you and appreciate the exceptional customer service you provide us.”

Not-for-profit healthcare client
